

B271 - LABOR PRO - ENGLISH

Please read carefully all the instructions contained in this booklet as they provide important advices about safety, use and maintenance. This appliance can be used by children aged from 8 years and above and persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge if they have been given supervision or instruction concerning use of the appliance in a safe way and understand the hazards involved. Children shall not play with the appliance. Cleaning and user maintenance shall not be made by children without supervision. If the supply cord is damaged, it must be replaced by the manufacturer, its service agent or similarly qualified persons in order to avoid a hazard.

WARNING: Do not use this appliance near bathtubs, showers, basins or other vessels containing water.

FEATURES

- Length: 23cm
- Weight: 240g
- Temperature:190°C
- Double Voltage

SAFETY ADVICES

Caution: The metal plates and coils are very hot, and any contact with them causes burns.

Danger: do not leave the packaging (plastic bags, cardboard boxes, staples) within the reach of children, as it is a potential source of danger. Please check the power supply of the electric socket before using the product. Make sure the voltage of the electric socket is the same as that of the appliance. **Caution:** the rod gets very hot, any contact with the skin will result in burns. In the event of the product being dropped, check that there is no visible damage before any further use. Since it is a professional appliance, if it has been damaged, please contact only an authorised service centre to have it repaired. To avoid dangerous overheating, do not keep the appliance switched on unnecessarily when not in use. Never immerse the appliance in water. Risk of electric shock. NEVER touch the appliance with wet or damp hands and/or feet. Do not use extension cables. Do not use in public bathrooms or showers. After use, disconnect the appliance from the socket by pulling the plug and not the power cable. Do not leave the appliance exposed to the weather (rain, sun, etc..).

Warning - Danger: do not put the appliance close to your face or eyes, there is a danger this could result in burns. Always keep the rod clean from dust, dirt, hair sprays and gels. After use, always unplug the appliance and wait until the rod has completely cooled before storing it.

INSTRUCTIONS

1. Plug the appliance
2. Put the switch on "ON" position, the light will turn on.
3. Wait a few minutes and the iron is ready for use.
4. Take a lock of hair insert between the two ends of the device, then press in position for a few seconds.
5. Repeat this operation with every lock.

Avoid contact between the metal parts and your skin: Danger of scalds or burns.

Be careful not to place the iron on surfaces that could catch fire, as a fire hazard.

PACKING AND MAINTENANCE

After removing the packaging, check the integrity of the appliance. In particular, that the appliance is intact and has no visible damage that could have been caused in transport. If in doubt, do not use the appliance, and contact only an authorized service centre. This appliance must only be used for the purpose for which it was specifically designed, i.e. as a hair curler. Any other use should be considered inappropriate and therefore hazardous. The manufacturer cannot be held liable for any damage resulting from improper or incorrect use. To avoid dangerous overheating, do not wrap the power cord around the appliance. Before using the appliance, ensure that it works perfectly, any defects may cause damage. In this case the manufacturer can not be held liable. Before performing any cleaning or maintenance

work, unplug the appliance and wait until it is at room temperature. Always keep the appliance clean. In the event of faults and/or malfunctions, please only contact your authorized service centre.

WARRANTY - Warranty Clauses - The device is guaranteed 12 months for professional use (or purposes related to business or trade), or in case of secondhand goods, from the date of purchase against material and manufacturing defects as per Legislative Decree nr .24 of February the 2nd 2000.

- Warranty does not cover external and aesthetic parts, handles, spare parts, and all damages owing to improper uses of the device, wrong installation or different use than those wrote on instructions, thus factors out of normal utilizations.

- Warranty lapses if the device has been opened, either tampered, or repaired by not authorized staff.

- The device must be repaired by an authorized technical assistance centre. Charges and transport risks will be supported by the final client.

- Device sales are reserved to professional use only

- Warranty validity depends to the reception of Warranty Certification that must be stamped by the retailer. If case of direct delivery to authorized technical assistance centre, Warranty Certification must be attached.

- Final client either contract holder must inform the seller of the lack of conformity within a period of two months from the date on which he detected such lack of conformity.

The communication must be sent by post through letter with advice of delivery or certified e-mail to LABOR PRO SRL or to authorized vendor.

ATTENTION! THE WARRANTY SHALL BE CONSIDERED VALID ONLY IF THE PURCHASING DOCUMENT HAS BEEN PRESERVED.

The warranty responds only to the following law requirements:

Italian Legislative Decree nr 24 of February the 2nd 2000 that refers to European Directive 1999/44/EC and paragraph 1-bis, section II item I title III book IV of Civil Code.

The consumer is the holder of the rights foreseen by the the law and those rights are not affected by the guarantee. Read the notes in the following booklet carefully as they provide important information regarding safety, use and maintenance.

SLOVENSKI PREVOD NAVODIL IN GARANCIJE B271 - MINI KODRALNIK LABOR PRO

Pozorno preberite vsa navodila v tej knjižici, saj vsebujejo pomembne nasvete o varnosti, uporabi in vzdrževanju.

To napravo lahko uporabljajo otroci, stari 8 let in več, ter osebe z zmanjšanimi fizičnimi, senzoričnimi ali

duševnimi sposobnostmi ali s pomanjkanjem izkušenj in znanja, če so pod nadzorom ali so jim poučeni o varni uporabi naprave in razumejo nevarnosti. Otroci se ne smejo igrati z aparatom. Čiščenja in uporabniškega vzdrževanja ne smejo izvajati otroci brez nadzora. Če je napajalni kabel poškodovan, ga mora zamenjati proizvajalec, njegov serviser ali podobno usposobljena oseba, da se izognete nevarnosti.

OPOZORILO: Te naprave ne uporabljajte v bližini kopalnih kadi, prh, umivalnikov ali drugih posod z vodo.

Lastnosti: dolžina 23cm, teža 240g, temperatura 190°C, dvojna napetost

VARNOSTNI NASVETI

Pozor: Kovinske plošče in tuljave so zelo vroče in vsak stik z njimi povzroči opekline.

Nevarnost: embalaže (plastične vrečke, kartonske škatle, sponke) ne puščajte v dosegu otrok, saj je potencialni vir nevarnosti. Pred uporabo izdelka preverite napajanje električne vtičnice. Prepričajte se, da je napetost električne vtičnice enaka napetosti aparata. Pozor: palica se zelo segreje, vsak stik s kožo povzroči opekline. V primeru padca izdelka pred nadaljnjo uporabo preverite, da ni vidnih poškodb. Ker gre za profesionalno napravo, se v primeru poškodbe obrnite le na pooblaščen servis, da jo popravijo. Da bi se izognili nevarnemu pregrevanju, naprave ne puščajte vklopljene po nepotrebem, ko je ne uporabljate. Aparata nikoli ne potaplajte v vodo. Nevarnost električnega udara. NIKOLI se ne dotikajte naprave z mokrimi ali vlažnimi rokami in/ali nogami. Ne uporabljajte podaljškov. Ne uporabljajte v javnih kopalnicah ali prhah. Po uporabi napravo izključite iz vtičnice tako, da povlečete za vtič in ne za napajalni kabel. Naprave ne puščajte izpostavljene vremenskim vplivom (dež, sonce itd.). Opozorilo - Nevarnost: aparata ne postavljajte v bližino obraza ali oči, obstaja nevarnost, da lahko pride do opeklin. Palica naj bo vedno čista pred prahom, umazanijo, spreji za lase in geli. Po uporabi aparat vedno odklopite iz električnega omrežja in počakajte, da se palica popolnoma ohladi, preden jo shranite.

NAVODILA

1. Priključite aparat.
2. Postavite stikalo v položaj "ON", lučka se bo vklopila.
3. Počakajte nekaj minut in aparat je pripravljen za uporabo.
4. Vstavite pramen las med oba konca naprave in ga za nekaj sekund stisnite.
5. To operacijo ponovite za vsak pramen las.

Preprečite stik med kovinskimi deli in vašo kožo: nevarnost opeklin ali opeklin. Pazite, da likalnika ne postavite na površine, ki bi se lahko vnele, ker obstaja nevarnost požara.

PAKIRANJE IN VZDRŽEVANJE

Ko odstranite embalažo, preverite celovitost aparata. Predvsem, da je aparat nepoškodovan in nima vidnih poškodb, ki bi lahko nastale med transportom.

Če ste v dvomih, aparata ne uporabljajte in se obrnite samo na pooblaščen servisni center. Ta aparat se sme uporabljati samo za namen, za katerega je bil posebej zasnovan, to je kot kodralnik las. Vsako drugo uporabo je treba obravnavati kot neustrezno in zato nevarno. Proizvajalec ne more biti odgovoren za kakršno koli škodo, ki je posledica nepravilne ali nepravilne uporabe. Da preprečite nevarno pregrevanje, napajalnega kabla ne ovijte okoli naprave. Pred uporabo se prepričajte, da aparat deluje brezhibno, morebitne okvare lahko povzročijo škodo. V tem primeru proizvajalec ne more biti odgovoren. Pred izvajanjem kakršnih koli čistilnih ali vzdrževalnih del izključite aparat iz električnega omrežja in počakajte, da se segreje na sobno temperaturo. Aparat naj bo vedno čist. V primeru napak in/ali

okvar se obrnite samo na pooblaščen servisni center.

GARANCIJA - Garancijske klavzule - Naprava ima 12-mesečno garancijo za profesionalno uporabo (ali namene, povezane s poslovanjem ali trgovino) ali v primeru rabljenega blaga od datuma nakupa za materialne in proizvodne napake v skladu z zakonodajno uredbo št. 24 iz februarja 2. 2000.

- Garancija ne pokriva zunanjih in estetskih delov, ročajev, rezervnih delov in vseh poškodb, ki so posledica nepravilne uporabe naprave, napačne namestitve ali drugačne uporabe od tiste, ki je zapisana v navodilih, torej faktorjev izven normalne uporabe.

- Garancija preneha veljati, če je bila naprava odprta, spremenjena ali popravljena s strani nepooblaščenega osebja.

- Napravo mora popraviti pooblaščen center za tehnično pomoč. Stroške in transportna tveganja krije končna stranka.

- Prodaja naprav je rezervirana samo za profesionalno uporabo.

- Veljavnost garancije je odvisna od prejema potrdila o garanciji, ki ga mora žigosati prodajalec. V primeru neposredne dostave pooblaščenemu centru za tehnično pomoč je treba priložiti garancijsko potrdilo.

- Končni naročnik ali pogodbenik mora prodajalca obvestiti o neskladnosti v roku dveh mesecev od datuma, ko je ugotovil neskladnost. Sporočilo je treba poslati po pošti s pismom s povratnico ali overjeno elektronsko pošto na LABOR PRO SRL ali pooblaščenega prodajalca. **POZOR! GARANCIJA JE VELJAVNA SAMO OB OHRANJENEM NAKUPNEM DOKUMENTU.**

Garancija ustreza samo naslednjim zakonskim zahtevam:

Italijanski zakonodajni odlok št. 24 z dne 2. februarja 2000, ki se nanaša na Evropsko direktivo 1999/44/ES in odstavek 1-bis, razdelek II, točka I, naslov III, knjiga IV civilnega zakonika. Potrošnik je imetnik pravic, ki jih določa zakon in na te pravice garancija ne vpliva. Pozorno preberite opombe v naslednji knjižici, saj nudijo pomembne informacije o varnosti, uporabi in vzdrževanju.

TEHNIČNE LASTNOSTI

Art.: B271

Artikel: AT2515

110-240V - 50/60Hz - 25-30W

Ta oznaka pomeni, da tega izdelka ne smete odlagati skupaj z drugimi gospodinjskimi odpadki po vsej EU. Da bi preprečili morebitno škodo okolju ali zdravju ljudi zaradi nenadzorovanega odlaganja odpadkov, ga odgovorno reciklirajte in spodbujajte trajnostno ponovno uporabo materialnih virov. Če želite vrniti rabljeno napravo, uporabite sistem za vračilo in prevzem ali se obrnite na prodajalca, kjer ste izdelek kupili. Ta izdelek lahko odnesejo v okolju varno recikliranje.
